Dear Pastor Lara,

We wanted to thank you for visiting our class at Santa Clara University on Wednesday afternoon, April 30, 2014. We truly are blessed that you and your staff were willing to share your time, experience, vision, and perspectives about your ministry and gang prevention efforts in Silicon Valley. As much as we get from our class readings and discussions about solidarity, meeting with you and hearing firsthand about your work makes that concept come alive in all its complexity and richness.

THANK YOU FOR YOUR TIME! AMIA
